The accident that caused the death of Laste and injury of the others occurred about two miles north of Fort Riley.

The Twenty-ninth Battery is one of the six making up the first provisional regiment of field artiflery at target practice. The battery gun had been placed and its eight limbers, loaded with ammunition, were at the rear with six horses hitched to each limber. Drivers had dismounted. When the battery was ready for firing a large red fing was run up on a staff as a signal to the range party at the targets to get out of range of the guns.

# TAGGART WINS

Judge Arraigns, "Villains" for Breaking Up Home-Awards Children to Captain.

### SON DENOUNCES HIS FATHER.

Court Is Especially Caustic in His Remarks Concerning Lieutenant Fortesque, Roosevelt's Nephew.

REPUBLIC SPECIAL Wooster, O., Oct. 13.—Judge Eason this afterneon granted Captain Elmore E. Mrs. Taggart is to be allowed to see the children from time to time

be allowed to see the children from time to time

Judge Eason's arraignment of the conduct of Mrs. Taggart on various occasions, as shown in the evidence, was severe and he was especially strong in his denunciation of Lieutenant Fortesque, to whom he charged up most of the domestic infelicity of the Taggarts. As he recited this part of the testiment the Judge bounded his desk vigorously and at times his voice was raised to a high pitch.

Passing upon the dinner incident in which it was charged that General Charles W. Miner had shown undue familiarity with Mrs. Taggart, the court intimated that the conduct of the two was not what it should have been, and there was a strong inference that General Miner's testimony was to be taken with some allowances. Judge Eason said there was not sufficient evidence that Mrs Taggart had violated her martial yows with General Miner. The evidence all through the case had shown, he said, that there was much drinkine in army circles.

not decided certain that he was not—he's to blame, too."

The marringe had been a love match, according to the Judge's view, and the life of Captain and Mrs. Taggart had been very happy for several years. There was never any trouble, he said, until one or more of the men mentioned so frequently in the evidence had come into the daily life of Mrs. Taggart, Always some man was in the background in the differences of the husband and wife.

Mrs. Taggart was criticised severely for permitting Lieutenant Fortesque to come to her house, and for frequently being in his company after Captain Taggart had forbidded her to have anything to do with Fortesque, and she had given her promise. Judge Eason could not believe, he said, that Mrs. Taggart spent an hour alone in the "den" with Fortesque for any good purpose, and he could not find any justification for her coing with him to the celler and remaining so long when she knew Captain Taggart had serious objections to such conduct on her part.

UNWARRANTED EXAGGERATION. Taking up the alleged quarrel between Captain and Mrs. Taggart, at Fort Leavenworth, when the Captain is said to have torn the dress from her body and to have cruelly beaten her, the court thought it strange that Mrs. Taggart could have come down to dinner with little sign of injury the next day. This and other portions of the evidence, he declared, showed conclusively that there had been unwarranted exaggeration on the stand by witnesses.

The courtroom was crowded during the reading of the decision. Major Taggart was in court early, but Mrs. Taggart was not present, she remaining at home because of illness.

Police Cordon Is Drawn Around Meeting at Twelfth Street, but Quiet Prevails.

### GOVERNOR SENDS A MESSAGE.

Says That Members of Party Have Same Right to Streets as Other Citizens, if Peace Is Preserved—Addresses.

The Socialists of St. Louis held a meeting on Twelfth street, between office and Pine exceets, at 8 o'clock last night, the only issue between the principals of the meeting and the police, as defined by the latter, being the question of street or sidewalk obstruction.

There was no attempt on the part of the police 10 stop the meeting, as the sidewalks and the street-car tracks on Twelfth street were kept clear, the police and a committee of Socialists acting to the same end.

sheet were kept clear, the police and a committee of Socialists acting to the same end.

The meeting was the result of an announcement issued some days ago and its proposal drew from the Chy Counselor, Charles W. Bates, a statement to the effect that the Mayor did not have authority to issue a permit for public meetings.

The right of the police to stop the meeting was left in the hand of the police authorities, it being understood that there would be no prohibitive action taken against the proposed meeting unless it was apparent that the streets and sidewalks were being obstructed.

The position of Governor Folk, also, it is said, retred to place confidence in the hearts of the Socialists that the meeting would not be interfered with it it was so conducted to prevent any unusual blocking of the highway. The Governor said, in a letter to William E. Brandt, chairman of the Socialist Central Committee of St. Lonis:

Shortly after 8 o'clock last night a delegation of Socialists entered Twelfth street from Olive. One member of the party cartied the American fing and at his side was the bearer of a banner which contained quotations from the constitutions of the United States and Missouri.

The former was: "Congress shall make no law abridging the freedom of speech or the press, or the right of people to peaceable assemblage." The quotation from the Missouri Constitution was: "No law shall be passed impairing the freedom of speech."

As the party of Socialists filed through the large crowd which had assembled others placed a goods box in the street between Pine and Olive streets and on the east side of Twelfth. William M. Brandt, chairman of the meeting, meanted the stand and delivered an address on Socialistic subjects, as did A. N. Simons of Chicago, editor of the International Socialist Review. When seen after the meeting, G. A. Hoelm, editor of the St. Louis Socialist organ. Labor, stated that the fullest plans had been made to conform to all of the requirements of the law. He regarded the fact that the police did not interfere with the meeting as a distinct victory for the Socialists.

the meeting as a distinct victory for the Socialists.

Captain Reyrolds of the Central Police District was seen, and stated that there was to be no police interference with the meeting unless the streets or sidewalks were blocked. Captain Reynolds was in charge of the squad of police sent to the meeting place. Captain Reynolds said:

'The orders from the Chief were to keep the street open and prevent blocking the sidewalk. This was done. The reason the other meeting was broken up was that the sidewalks were blocked. The Socialists could not have selected a better place to nevent any congestion.'

When asked if further street meetings would be called, Casirman Branch stated that the matter would rest entirely with the Socialists of St. Louis for decision.

Demonstration.

Washington, Oct. II.—American grievances against Venezuela may be settled by diplomacy, while France, in the absence of any diplomate relations at Caracas, may yet be compelled to resert to a show of force.

Despite the assurances of Foreign Office officials at Paris, it is stated here that the French ultimatum has been practically ready to dispatch for a week or more, and that France has the full assent of the Washington Government to adopt an effective course of action against Venezuela to obtain the renewal of diplomatic relations and the restoration of the French property seized by the Caracas Government.

WITHHOLD ULTIMATUM

WITHHOLD ULTIMATUM.

This briefly is the situation to-night. The rench ultimatum will be held until fur-ier conferences to be occurred between the French Embassy and the State Department. So far as Judge Calhoun, the American So far as Judge Calhoun, the American Special Commissioner, has reported to the department, there is nothing in the situation at Caracas that cannot be settled by patient and firm diplomacy.

American and French property, it is contended, has been seized unjustly by President Castro, but ample precedent is found in history for the settlement, without resort to force, of problems far more compilicated than the present issue.

AMERICANS CHANGE

AMERICA'S STAND. AMERICA'S STAND.

While not prepared to announce definitely its exact course of action, the
Washington Government has let France
know informally its belief that American
grievances against Venezuela, although severe, can be settled without the assistance
of American warships.

Public pattence in France is rapidly becoming exhausted over the delay of the
Government in proceeding against Venezuela, and this fact necessarily acts as a
spur in the conference between Paris and
Washington.
